

R-Phycoerythrin (R-PE)

Scalable R-PE Supply for High-Throughput Diagnostic and Research Manufacturing

Ultra-bright natural fluorescence for high-sensitivity detection

High Signal Clarity

High signal-to-noise ratio

High Purity

A565/A280 ≥ 5.5

Scalable Manufacturing

Batch sizes up to 100g
Consistent lot-to-lot quality
Short lead times

Expert Technical Support

20+ years supplying R-PE to global IVD manufacturers, reagent developers, and research institutions

CATALOGUE NO.
RM1

PRODUCT
R-Phycoerythrin (R-PE)

APPLICATIONS

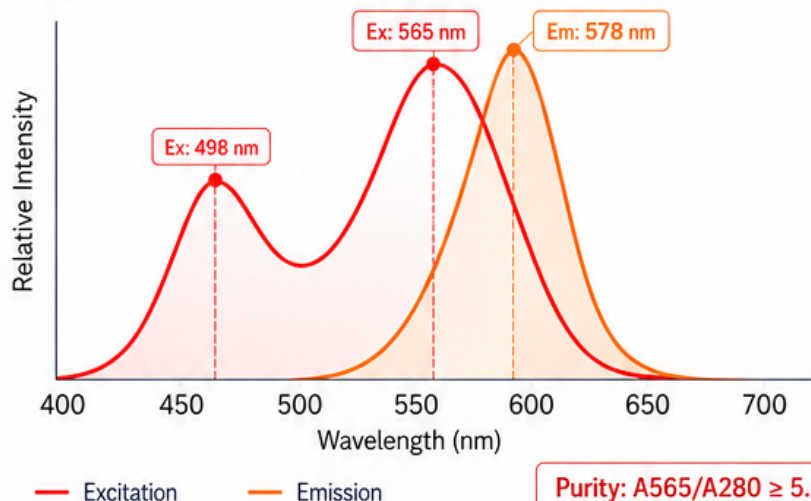

- IVD Kit Manufacturing
- Biotech OEM & Reagent Production
- High-Throughput Flow Cytometry Platforms
- Diagnostic Immunoassay Development

STORAGE

2–8°C • Protect from light

FLUORESCENCE SPECTRAL PROFILE

Purity: A565/A280 ≥ 5.5

MANUFACTURING / SCALE CALLOUT

Batch sizes
up to 100g

Consistent
lot-to-lot quality

Short
lead times
